of book **“Divine Matrix”**
by Gregg Braden

*“What would it mean to discover that the power to create joy, to heal suffering, and bring peace to nations lives inside of you?
New discoveries suggest that our world is the mirror of our beliefs.
What we once believed is about to change!”*

In 1944, Max Planck, the father of quantum theory, shocked the world by saying that there is a “matrix” of energy that provides the blueprint for our physical world. It is this place of pure energy where everything from the birth of stars and the DNA of life, to our deepest relationships and healing begins. Recent discoveries show dramatic evidence that Planck’s matrix—*The Divine Matrix*—is real. **To tap in to the force** of this matrix, we must understand how it works and speak the language that it recognizes. We communicate with the field through the language of emotion. From the healing of our bodies, to the success of our careers, relationships, and the peace between nations, this new scientific evidence demonstrates that **we each hold the power** to speak directly to the force that links all of creation.
