

# Create Your Personal Power Field or

Upgrade your LIFE with MASTERING ALCHEMY, level 1

*Seminar of four meditative meetings*

## What are the benefits?

*For transforming one possibility into another, you first must reconstruct the fundamental structure of your Personal Power Field - your self-contained energy field. Once re-constructed, this will give you the ability to expand your awareness and activate the new wiring system required to recognize and integrate new opportunities.*

**How will your life change for better?** Here's what Level 1 offers:

- \* Learn tools to quiet the noise and drama in your life
- \* Master the art of remaining unaffected by the increasing chaos of the world
- \* Leverage the power of the Seven Living Words
- \* Dissolve self-limiting habits and patterns that were imprinted upon you
- \* Access the Inner Sanctuary within your Sacred Heart and create a conscious, intentional connection with your Soul. Know all that your Soul knows
- \* Unify and balance the masculine and feminine aspects of yourself
- \* Remember who you are and what you came here to accomplish
- \* Change your DNA coding, and anchor your 4 and 5 dimensional chakra systems
- \* Remember your role in Atlantis...and more
